For Special Attention

- In a fast-food restaurant, the **menu** is usually on a large board on the wall.
- Jenny orders her food "**for here**." That means she will eat it in the restaurant.
- People who get their food to **go** will eat it outside the restaurant. You can also say "to take away" or "to take out."
- **Wrappers** are paper or boxes that go around the food to keep it fresh until it's eaten.

Jenny stood in line...

...and read the menu.

"I'd like one Big Burger, a small order of fries, and a medium cola, please."

"For here, please."

"For here or to go?"

"That'll be five-twenty."

"Right."

At the counter, she ordered her food and a drink.

The clerk put the food on Jenny's tray, and Jenny paid her.

Jenny took some paper napkins and a straw from the dispensers.

She ate her lunch at her table.

Other people got their food to go.

When she finished eating, she threw the empty wrappers in the trash.
