# Get Ready to Read!

Why wait for school—give your preschooler every possible educational advantage now! Start your child down the exciting road to learning with this fantastic book. *My First 1000 Words* is a picture/word book that helps pre-readers understand the relationship between text and speech. Read

along with your child, and watch the connections form.

The vocabulary words are grouped according to categories children will recognize

instantly. Each word is paired with a

vibrant image to help kids connect words to people, places, and things around them.

Many categories also include sample sentences that show young readers the vocabulary words used in action.

Several of these sentences contain *Dolch* sight

words—common words such as *in*, *is*, and *it* that appear frequently in text. Vocabulary words are highlighted in blue; sight words are highlighted in red. These sample sentences demonstrate how words work together to create language. Learning these vocabulary words and seeing them used in sentences will help children begin to read with confidence and have fun doing it!
